

## Directions To St Patrick's – Charvil

St. Patricks Field is located at the end of Park View Drive North in Charvil (RG10 9QG)

Coming from the Reading direction on the A4 you go past the Texaco/Wee Waif roundabout at Charvil (before you get to the Twyford turnings) and the road is on you left (opposite Charvil Village Stores). At the end of this road is a turning place with the recreation ground being a few yards up a track in front of you (it is signposted).

If you come from the Maidenhead direction on the A4 you need to go past the Twyford turnings. You will not be able to turn right opposite the Charvil Village stores – instead you will need to go around the Texaco/Wee Waif roundabout and approach Park View Drive North from the other Reading direction as above.

If you search for 'Park View Drive North, Charvil' in Google Maps it is very clearly shown. I attach a small (annotated) map - 'X' marks the pitch - this is signposted 'Recreation Ground' and is up a small unmade track (50 yds or so). There is no actual car park there aside from a couple of pull in places however there is plenty of space to park on surrounding roads.

**For the consideration of local residents please note that this road is a through road and therefore park carefully**
